## FIELD NOTES Illinois State Geological Survey

Lilton Mining Company

Slope Mine to No. 7 coal Sec. 19-19N-11W. Shipping mine as well as good local trade. Ship about 2 cars a day when running good via Wabash Railroad. Can size coal up to 4" size. All coal goes over 3/4" screen. Ship mainly mine run. Are working now on both north and south part of acreage - can get samples about 900-1000' apart.

Will have car ready so can carry equipment - may have to push it. Slope to coal is 240' - down at about 35°.
